

REMARKS

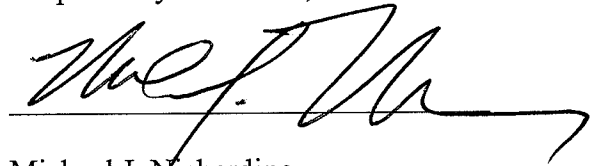

Claim 20 has been amended above to remove the reference to any "louver". The drawing objection should therefore be withdrawn.

Claims 12, 21 and 26 have been amended to independent form and should be allowable per the action. In claim 21, the term louver has not been used in view of the drawing objection that was made.

Claims 4, 11, 16, 20 and 25 have each been amended to clarify the position of the internally facing wall surface to which the air attaches. During a telephone interview with Examiner Pelham on April 11, 2007, these amendments were discussed relative to the cited art, and Examiner Pelham gave preliminary indications that the amendments distinguished over the art, subject to further review.

Based upon the foregoing, it is believed that all of claims 4, 7, 11-18, 20-22, 25 and 26 are allowable and this application should be passed to issue.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Michael J. Nieberding", written over a horizontal line.
